371004 (E7GCGL6C00)	6-Burner (5,5 kW each) gas Boiling Top

Short Form Specification

Item No.

Unit to be Electrolux 700XP six 5.5 kW gas boiling top range. Unit to be installed on open base installations, bridging supports or cantilever systems. High efficiency flower flame burners with flame regulator and protected pilot light. Flame failure device as standard on burners to protect against accidental estinguishing. Exterior panels in Stainless steel with Scotch Brite finish. Pan supports in heavy duty cast iron. One piece pressed work top in 1.5 mm thick Stainless steel. Unit has right-angled side edges to allow flush-fitting junction between units.

APPROVAL:

Main Features

- Unit to be mounted on open base cupboards, bridging supports or cantilever systems.
- The six 5.5 kW high efficiency flower flame burners allow the flame to adapt to different size pans.
- Gas appliance supplied for use with natural or LPG gas, conversion jets supplied as standard.
- Large sized pan support in cast iron (stainless steel as option) with long center fins to allow the use of the largest down to the smallest pans.
- Pan supports in cast iron are washable in a dishwasher.
- Burners to feature flame regulator.
- Flame failure device on each burner protects against gas leakage when accidental extinguishing of the flame occurs.
- Protected pilot light.
- IPx4 water protection.

Construction

- All exterior panels in Stainless Steel with Scotch Brite finishing.
- One piece pressed 1.5 mm work top in Stainless steel.
- Model has right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps.
