

Industrial ironers IC43316, IC43320

only and variations may occur

Features and benefits

- Easy to use control panel
- Ergonomic working height
- Finger guard protection providing additional security for operators
- Pressure roll with a Nomex[®] padding for a good ironing quality
- Durable ironing belts made of Nomex[®] which can withstand temperatures above 220°C
- Stainless steel cylinder prevents rust and improves lifetime
- Maintenance free ceramic gas burner minimizes downtimes. 20% more efficient than regular blue flame burners. A unique and patented burner by Electrolux
- Return feed, can be installed close to a wall for space saving
- Foldable feeding tray so that large flats avoid touching the ground

Main options

Electronic control panel with automatic speed regulation system (DIAMMS*) - compatible with the RABC** process for the traceability of ironing parameters;

flashing light showing to the operator that an item is not fully dried.

- CMIS*** connection for an automatic recording of the ironing parameters
- Nickel-plated cylinder for better production on cotton items
- Manual folding arm for easy folding of large flat items by only one operator
- Clutch to control the feeding belts for payment system control (excludes the payment system)

Main specifications			IC43316	IC43320
Capacity, max. water evaporation****		l/h	19.5	24.5
Cylinder	diameter length	mm mm	325 1650	325 2065
