## SafeBox Hold

a unique  
holding solution  
for take away  
and delivery

# Uncompromised quality for take away and delivery

SafeBox Hold keeps multiple packaged meals ready for pickup, so you can have hot and tasty food delivered to your customers without worrying about bacteria proliferation.\*/\*\*

Give your customers the same great taste as eating out, while sitting comfortably at home.

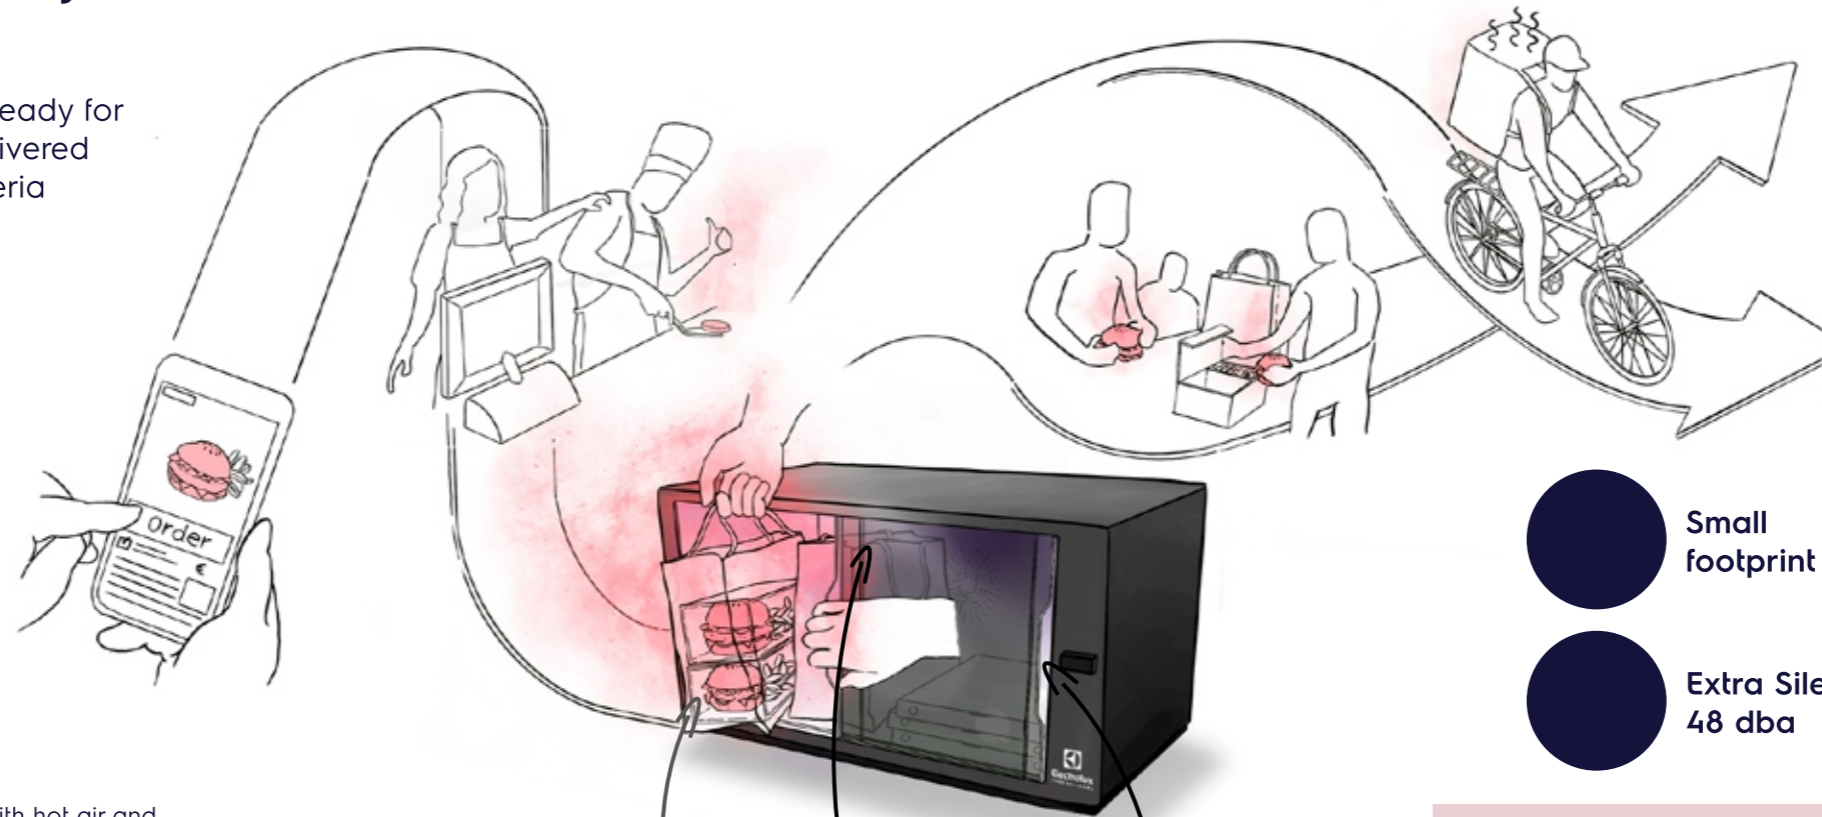

Food quality assured

Hygiene and sanitization guaranteed\*\*

- ▶ **Ventilated heating system** to envelop the packaged meals with hot air and preserve the original taste (temperature up to 85°C).
- ▶ **Up to 99.9% bacterial reduction on food packaging\***, thanks to **fast heat recovery in combination with the UVC LED** mounted on the ceiling, which also kills bacteria and viruses.
- ▶ A photocatalytic nano-coating on both stainless steel handles creates an outer barrier ensuring **up to 99.9% antibacterial activity\*\*** while providing constant sanitization.

\* test performed by the University of Udine on *Escherichia coli* and *Staphylococcus aureus*, using pizza boxes and paper bags, setting the temperature at 75 °C for 10 minutes. The results may vary depending on the packaging materials used and the distance between the packages and the UVC LED (test report available on request).  
 \*\* tested by third-party notified body according to ISO17094:2014 simulating a kitchen environment (with light source according to ISO14605).

# Increase your customer base by being the trustable food provider

Ventilated Heating System

UVC Lamp

Photocatalytic Coating

Environment friendly  
 Low energy consumption:  
 6 hours usage is the equivalent of 1 day's use of a 75 watt lightbulb

# More capacity? Peak times? We've got you covered

Make your kitchen more flexible and productive by optimizing the preparation phase and balancing online and in-store orders even during peak times of day.

SafeBox Hold can store any type of take-away container: from pizza, burgers, fries and even gourmet dishes.

Small footprint

Extra Silent 48 dba

Stack up to 3 units with a single plug: just connect them at the back so energy can flow from one unit to another.
